Algiers, Algeria, +213 555468203, nouicer.samiilyas@gmail.com

PROFILE

Passionate and driven Software Engineer with a Bachelor's degree and currently pursuing a Master's in Intelligent Computer Systems. With hands-on experience in React, Express.js, SQL, Firebase, and cutting-edge technologies like machine learning and deep learning, I have successfully delivered innovative solutions in dynamic environments. Proficient in Java, JavaScript, and Python, I excel in building robust applications and scalable systems, demonstrated by my adeptness with tools like Next.js, Tailwind, and MongoDB. My commitment to excellence and continuous learning sets me apart in the tech industry.
